Wednesday, 6:30 pm – 7:30 pm
Mililani Uka Elementary School Library
94-380 Kuahelani Avenue, Mililani, Hawaii 96789

Cyber crimes happen every day. Knowledge is a strong crime prevention tool. Parents need to be armed with current knowledge about the cyber world that our children live in.

- What are today's social media technologies that children are using?
- How can I monitor my child's use of the internet, cell phones and social network sites?
- What do I need to know about online predators, sexting and cyberbullying?

Get informed and help your child use the internet and cell phones with RESPONSIBILITY and SAFETY!
